

Katrina

Sixteen years old and her whole life ahead of her. If Katrina has her way it will be anything but boring. From her creative fashion sense to pleasant personality she is truly a remarkable young lady!

This 10th grade, teenager is hopeful about being adopted. She cannot wait to have a family to call her own. She prefers to be an only child in her new family, even though she came from a large sibling group of 13.

Katrina is has a wonderful talent for singing, enjoys shopping, doing her hair and nails. She has shown interest in becoming a lawyer or a paralegal one day.

If you are a family who can support Katrina through the difficulties that continue to challenge her success, you could be the key to helping her to triumph over adversity.
